

COMPOST POST THE CHURCH RICH

Need a quarterly magazine that feeds your activist soul?

Geez magazine is more than an award-winning, quarterly, non-profit, ad-free, print magazine on social justice, art, and activism. It's your physical connection to a radical community of liberation-minded people at the fringes of faith.

Compost the church? Christianity is ingrained in systems of colonization, nationalism, and patriarchy. There is gift in letting the churches die, return to the earth, and rise up again in the work of liberation.
