

DECOL ONIZE FAITH

Need a quarterly magazine that feeds your activist soul?

Geez magazine is more than an award-winning, quarterly, non-profit, ad-free, print magazine on social justice, art, and activism. It's your physical connection to a radical community of liberation-minded people at the fringes of faith.

Decolonize faith? Christianity and colonization have been embedded partners throughout history. Can we find faith when we do the work to decolonize the traditions?
